- | | |
|---|---|
| ☐ Remove existing wall or load-bearing structural member ^{1, 2} | ☐ Install new window(s) ¹ |
| ☐ Replace HVAC component (air handler/ condenser/duct work) | ☐ Install new door(s) ¹ |
| ☐ Alter plumbing or electrical ¹ | ☐ Install satellite dish |
| ☐ Install patio/balcony gate or barrier | ☐ Install dryer vent ^{1, 2, 3} |
| | ☐ Install hard flooring (wood, tile, laminate) ^{1, 4} |
| | ☐ Other _____ |

Contractor: Name: _____

Company: _____

Address: _____

Phone #: _____ Email: _____

Before work commences: Contractors must submit required permits, a copy of their license, and an insurance certificate naming Waterside at Coquina Key South as an additional insured. All commercial contractors are required by Pinellas County and the City of St. Petersburg to have proper company—including company name, contractor license number, and company phone number—identification posted on their vehicles.

¹ Copies of permits, insurance, and plans must be submitted to the Condo Owners Association with this application.

² A Notice of Demolition Asbestos Renovation Form and a written asbestos survey by a Florida-licensed asbestos consultant must be mailed or delivered to Pinellas County Air Quality Division at least ten days prior to the start of the approved request.

³ Dryer vents cannot be run through the attic or any common areas.

⁴ Sound abatement underlayment of such kind and quality equivalent or superior to super SAM (sound abatement mat) sound isolation material must be installed under tile or wood flooring in second-floor units.

As owner of the aforementioned unit, I request association approval to do, at my expense, the requested alterations with the understanding that the all work will conform to the specifications (as applicable), special instructions, and/or comments listed below. Any contractor I hire to perform the approved alterations will be licensed and insured and will obtain any permits that may be required by all applicable governmental bodies. I will be responsible for the conduct of the contractors and their personnel, any damage done to the common areas, any cleaning required to the common areas, and properly disposing of any debris left in the condominium common areas resulting from the completion of the approved alterations. (A copy of contractor rules is attached). Homeowners may not undertake any alterations as referenced in the Declaration of Condominium without prior approval of the association. The association reserves the right to inspect and photograph the project during any phase at its discretion, and I will cooperate to facilitate access if requested.

I also understand that the association will maintain certain standards for items placed on the condominium's limited common elements, and the association has the right to require the removal of items from limited common elements that may detract from the aesthetic integrity of Waterside.

I understand that homeowners are prohibited from penetrating any exterior surface in the limited common elements of the condominium (e.g., balcony walls) without prior permission and instructions from the association for the purpose of properly securing any impairment to the waterproofing system.

Any current or future damage to any common or limited common area that is a direct or indirect result of this alteration will be the sole responsibility of the owner/applicant to bear any and all costs related to the repair of affected areas as well as any resultant legal expense.

The Architectural Review Committee is not responsible for determining compliance with structural and building codes, zoning codes, or any other governmental regulations, all of which are the responsibility of the applicant. It is the applicant's responsibility to check with the local building department and to insure that improvements do not impact common areas of the condominium property.

Completed applications are to be submitted to the association office:

CONTRACTOR RULES

Contractors may be on property from 8 a.m. until 5 p.m. Monday through Friday and from 9 a.m. until 4 p.m. Saturday. All contractors' vehicles must be off property by 5 p.m. Monday through Friday and 4 p.m. on Saturday.

The office must be notified at least 24 hours before a water shut-off. **Only association staff may operate water valves.**

Contractors, their employees, and their subcontractors are permitted only in the unit or area where they are working. Work should be performed on the owner's rear patio or balcony, not in front of the condominium residence. Workers may not wander about the premises or fish. Restrooms at the Yacht Club and other public restrooms are not to be used by contractor crews. No loud or outside music is permitted.

Contractors must immediately notify the owner and the association office of any damage caused to any part of any building or common property.

Waterside makes no provision to dispose of construction debris, large cartons, or construction debris generated on site. Contractors may not dump any trash into the compactor. All construction debris must be hauled away.

Contractors must notify the association in advance if they are going to use tools that cause excessive noise (e.g., jackhammers).

Contractors must park in spaces near medians; they may not park in front of buildings except to load or unload.

Waterside does not provide carts or dollies for contractors use.

The association reserves the right to notify the owner that the Condo Owners Association will no longer allow the contractor on to the premises due to a disregard for the contractor rules.

Instructions

The state asbestos removal program requirements of s. 376.60, F.S., and the renovation or demolition notice requirements of the National Emission Standards for Hazardous Air Pollutants (NESHAP), 40 CFR Part 61, Subpart M, as embodied in Rule 62-257, F.A.C., are included on this form.

Check to indicate whether this notice is an original, a revision, a cancellation, or a courtesy notice (i.e., not required by law). If the notice is a revision, please indicate which entries have been changed or added.

Check to indicate whether the project is a demolition or a renovation.

If you checked demolition, was it **ordered** by the State or a local government agency? If so, in addition to the information required on the form, the owner/operator must provide the name of the agency ordering the demolition, the title of the person acting on behalf of the agency, the authority for the agency to order the demolition, the date of the order, and the date ordered to begin. A copy of the order must also be attached to the notification.

If you checked renovation, is it an **emergency renovation operation**? If so, in addition to the information required on the form, the owner/operator must provide the date and hour the emergency occurred, the description of the sudden, unexpected event, and an explanation of how the event caused unsafe conditions or would cause equipment damage or an unreasonable financial burden. If you checked renovation and it is a **planned renovation operation**, please note that the notice is effective for a period not to exceed a calendar year of January 1 through December 31.

- I. Complete the facility information. This section describes the facility where the renovation or demolition is scheduled. This address will be used by the Department inspector to locate the project site. Provide the name of the consultant or firm that conducted the asbestos site survey/inspection. For "prior use" check the appropriate box to indicate whether the prior use of the facility is that of a school, college, or university; residence, as "residential dwelling" is defined in Rule 62-257.200, F.A.C.; small business, as defined in s. 288.703(1), F.S.; or other. If "other" is checked, identify the use. Please follow the same instructions for "present use."
- II. Complete the facility owner information.
- III. Complete the contractor information.
- IV. List separately the scheduled start and finish dates (month/day/year) for both the asbestos removal portion of the project and the renovation or demolition portion of the project.
- V. Describe and check the methods and procedures to be used for a planned demolition or renovation. Include a description of the affected facility components. (Note: The NESHAP for asbestos, which is adopted and incorporated by reference in Rule 62-204.800, F.A.C., requires obtaining Department approval prior to using a dry removal method in accordance with 40 CFR section 61.145(3)(c)(i).)
- VI. Describe the procedures to be used in the event unexpected RACM is found or previously nonfriable asbestos material becomes crumbled, pulverized, or reduced to powder after start of the project.
- VII. Complete the asbestos waste transporter information.
- VIII. Complete the waste disposal site information.
- IX. List the amount of RACM or ACM of each type of asbestos to be removed. (Note: A volume measurement of RACM off facility components is **only** permissible if the length or area could not be measured previously.) Identify and describe the listed surfacing material and other listed materials as applicable.
- X. Provide the address where the Department is to send the invoice for any fee due. Do not send a fee with the notification. The fee will be calculated by the Department pursuant to Rule 62-257.400, F.A.C.

Sign the form and mail the original to the district or local air program having jurisdiction in the county where the project is scheduled (**DO NOT FAX**). The correct address can be obtained by contacting the State Asbestos Coordinator at: Department of Environmental Protection, Division of Air Resources Management, 2600 Blair Stone Road, Tallahassee, FL 32399-2400.
