Pet 2: ☐ Cat ☐ Dog Name: _____

Breed: _____ Color: _____

County License #: _____ Waterside Tag #: _____

On April 24, 2008, the Waterside South Condominium Owners Association approved pet registration requirements for owners and renters. All pets (cats and dogs) require a visual inspection, proof of rabies vaccination including license number, and a copy of a veterinarian report that is no more than 12 months old.

All pets must be registered with the association management office and wear a Waterside tag at all times in while on the grounds.

The resident's emergency contact listed above will be responsible to care for a resident's pet(s) if a medical or personal emergency prevents the pet owner from caring for the animal(s). Waterside South staff are not responsible for the care of a resident's pets.
